2. SAT ASSESSMENT AND PRACTICE TESTS

Mercer Education (ME) offers SAT preparatory classes on a private tutorial, weekly group class, and intensive month-long summer camp basis, and students can attend classes to prepare for the English or math portions of the test or both. For students enrolling in ME's SAT group classes, the school offers a free SAT assessment test, which is necessary both for student placement in groups at the appropriate level and to gauge progress going forward. In addition, ME offers SAT practice tests for students who wish to assess their ability but do not wish to enroll in classes or take a genuine, official SAT.

3. Practice SAT DETAILS / OPTIONS

ME's practice SAT's last approximately three hours and forty five minutes (3'45") and are administered twice on Saturdays from 9am-12:45pm and 12:30-4:15pm. Because of the length of the test, students generally cannot take it on weekdays, though Mercer Education does administer practice tests by appointment (indicate desired time and date and we will contact you to confirm or discuss scheduling options). Please mark (✓) appropriate boxes to indicate whether or not you would like to receive an evaluation report, how you would like to receive the test results, etc.

NOTE: The test itself remains the property of ME and cannot leave the school. If you wish to review the test once your test results are available, call to reserve one of ME's classrooms to work in (limited to one hour use).

Important Details: 1) Evaluation reports with scores will be sent out within one week of the test date; 2) Payment must accompany this registration form to reserve a spot. Please mail or bring in person in advance to Mercer Education at the address listed above; 3) If you plan to show up on a "walk-in" basis", please be aware that there may not be spaces for "walk-ins," and that ME does not necessarily administer practice SAT tests every Saturday; 4) For the sake of all students attending the test and those administering the test, Mercer Education's practice SAT's are administered on time as scheduled, and we recommend that students plan accordingly and arrive at least five minutes prior to the test's scheduled start time; 5) Students should bring a calculator, several pencils, and a snack if desired.

4. STUDENT AGREEMENT

To come prepared and to commit to do the best you can on your own merit, read and sign below:

I understand the practice SAT test lasts about 4 hours. As under real SAT conditions, I will show up early, bring a calculator and several sharpened #2 pencils. I understand that the test is administered under the **Honor System** that relies on each test-taker to do his/her own work, abide by the time restrictions, and not converse with or disrupt others during the test.
